## Legal and Ethical Dilemmas in Perinatal Mental Health

---

### Overview

Maternal Mental Health NOW ([www.maternalmentalhealthnow.org](http://www.maternalmentalhealthnow.org)) is excited to announce our upcoming 3-part webinar series, "**Legal and Ethical Dilemmas in Perinatal Mental Health**". This webinar series will take place on **June 3rd, 10th and 17th from 6:00 pm to 8:00 pm each day** and features a dynamic array of speakers, including criminal defense attorney [George Parnham](#), most notably known for representing high-profile clients such as Andrea Yates and Clara Harris. Alongside Dr. Diana Barnes, he will present an enlightening workshop that explores the intersection of the criminal justice system and implications when psychological conditions lead to the unthinkable.

The field of perinatal mental health may present clinicians with unique legal and ethical dilemmas, with an abundance of grey areas to traverse. Concerns about parent, infant and child safety are keenly present for providers supporting families on their reproductive journey. Additionally, ethical dilemmas may arise as clinicians navigate providing equitable care with cultural humility.

This 3-part continuing education workshop series pairs legal and clinical voices in conversation to help us problem solve these complex and ever-evolving challenges. Topics include: promoting safe boundaries, child abuse and neglect reporting, managing high risk cases and practicing risk management, and implicit bias. ### Intended Audience

This live virtual workshop series is primarily targeted toward mental health clinical professionals including social workers, counselors, and psychologists but will also greatly benefit nurses (neonatal, labor and delivery, maternity, NICU), midwives, nurse practitioners, and physicians (psychiatrists, OB/GYNs, pediatricians, neonatologists) in their care of pregnant and postpartum bodies.
